

## CASE STUDY

# Innovating Law Firms Workspaces

How a Global Law Firm Leveraged a Mobile App to Centralize Operations and Streamline Access to Critical Applications

Elevated user experience across diverse workforce

Streamlined tech stack for efficiency and focus

Improved time to deployment for new technologies

Support for firmwide growth with a scalable platform

## Business Challenge

- Managing 50+ mobile applications, with only a fraction deemed critical
- Switching between multiple vital mobile apps daily wastes time
- Incorporating concierge services for staff and clients to amplify firm culture

## Solution

- Leveraged mobile app platform to slash existing tech stack in half, providing teams with access to existing features in one mobile app
- Deployed a cohesive mobile-first approach for international offices, offering unified access to crucial features regardless of location
- Integrated value-add features accessible firmwide, including space booking, office perks, and 5-star services for improved workplace experience
