

Modo Bookings

Make reserving spaces—from group study rooms to advising offices—a seamless experience.

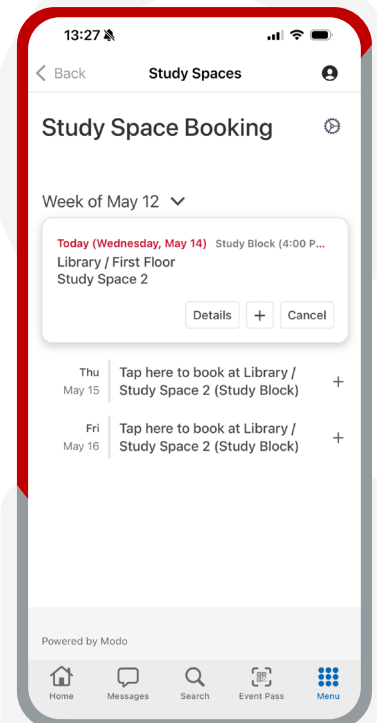

Transform how students, faculty, and staff access campus spaces with Modo Bookings. Designed to support dynamic learning, studying, and collaboration across your institution, Modo makes reserving spaces—from group study rooms to advising offices—a seamless experience.

Whether students are booking a quiet study area or staff are coordinating shared workspaces, Modo keeps your community connected. Plus, with scalable personalization and user-friendly configuration, institutions can easily manage space availability, scheduling rules, and user permissions campus-wide. With My Circle™, students and staff can coordinate space use with their peers—whether it's for a study group, project team, or department—to foster collaboration in shared environments.

Got your own IWMS or floor plan system of record? Integrating it into the Modo Bookings is just a breeze. Use space utilization insights to optimize availability—eliminating underused classrooms or overcrowded study zones throughout the week.

With Modo, you're not just booking a space—you're creating better campus experiences, one reservation at a time.

- **Up and Running Fast:** Modo Bookings is ready to roll when you are—easy to launch, easy to love, and perfect for managing hybrid work, student services, or flexible study zones.
- **Book in Seconds:** Students, staff, faculty—anyone can find and reserve a spot in just a few taps. Quick, clean, no confusion.
- **Hang With Your Circle:** Use My Circle™ to grab spots near your favorite people. Study buddies, department teams, work friends—sit together, thrive together.
- **Smarter Space Use:** Dynamic booking ensures rooms and seats aren't sitting empty—or double-booked—on your busiest days.

- **Your Campus Style:** Personalize the look, feel, and flow to match your school's brand for a tailored touch and match user roles (student, faculty, admin).
- **Plug-and-Play Integration:** Seamlessly connects with your existing systems—like ServiceNow and Microsoft 365.
- **Ivy League-Grade Security:** Built for top universities, with enterprise-level security baked in. We're talking SOC 2 Type II and GDPR gold stars.

Key Features

- **One-Tap Reservations:** Whether it's a study room in the library, a quiet corner in the student union, or a shared office space, just open the app, tap your spot on the interactive map, and you're good to go—no fuss, no confusion.
- **Circle Up:** My Circle™ lets you coordinate with your go-to people so you can book nearby desks or rooms together. Whether you're planning a group project, staff meeting, or weekly hangout, staying close is as easy as a tap.
- **Never Get Lost Again:** Built-in indoor navigation means no more wandering the halls or asking strangers where room 214B is. Find your space, get turn-by-turn directions, and arrive on time like a campus pro.
- **Parking? Handled:** Reserve your parking spot or EV charging station ahead of time so your arrival is just as smooth as your day. It's one less thing to worry about when you're rushing to class or a meeting.
- **Stay in the Know:** Push notifications and in-app messages keep users looped in with campus news, events, and updates—from class cancellations to free pizza alerts (yes, the important stuff too).
