

Transform Your Law Firm with a Smart, Secure, and Seamless Workplace Solution

As global law firms embrace digital transformation, delivering a seamless and secure workplace experience is essential. With operations spanning multiple offices and jurisdictions, workplace technology must enhance operational efficiency, ensure security, and optimize user experience to support the demands of modern legal practices.

The Digital Concierge for Modern Law Firms

Modo Workplace is an all-in-one platform that combines personalized support, intelligent automation, and seamless integrations to optimize the legal workplace. It streamlines workflows, enhances firm culture, and boosts efficiency, empowering attorneys to focus on maximizing billable hours, delivering client service, and maintaining well-being.

Modo's Comprehensive Digital Engagement Platform

Pre-Built Integrations

Near-unlimited, seamless integration opportunities with virtually any data source and web app. Meet any complex need with our productized integrations and native SDKs. Build customized experiences using XModule and XComponents. Here are a few of the many out-of-the-box integrations we offer:

Powering the workforce behind the world's largest law firm:

KIRKLAND & ELLIS

Out-of-the-Box Tools

Starter kits, launch plans, design templates, and sample code are readily available to help you build and evolve your workplace app.

Low-Code Development

No technical skills required. Our app-building UI simplifies development and enables stakeholders, such as HR and MARCOM, to assist with content development.

Enterprise-Grade Security

Hosted by AWS, our platform is SOC2 Type II certified, GDPR compliant and all data in transit and at rest is fully encrypted.

Single, Scalable Solution

Build and deploy one custom app. Updates are instant across all systems and devices. Easily scale your app to multiple locations and hundreds of thousands of users.

Best-in-Class Support

Our team of digital experts is available 24/7 to ensure your app is a success. Tap our extended community of enterprise users for ideas and insights as you build your app.
